

SCDXC Newsletter

The Southern California DX Club is an informal group of dedicated men and women active in the amateur radio community who enjoy communicating over the air with other radio amateurs around the world.

The SCDXC strongly supports the DX Code of Conduct. Please visit their website:

www.dx-code.org

The SCDXC newsletter is published monthly and released to everyone around the first week of each month. Amateur and DX related letters, news and pictures are welcome and will be published as time and space permit.

Articles will be republished with recognition of the author and the club. Reuse of copyrighted materials require the original author's permission.

Any questions regarding this newsletter or its articles should be addressed to the Editor, Bill, N6RV at:

n6rv@scdxc.org

Gatherings are informal and impromptu. Anyone interested in gathering can initiate one. Notify N6RV and an email will be pushed out to the group. If you would like to join that email list see our website or email N6RV.

Please check the club web site for events and details at:

Announcements

We're baaack! After a period of rest and recouperation it was decided to publish a shortened newsletter. We will try to keep everyone updated on the happenings among the members and the impromptu events that pop up.

That said, if you would like to contribute to this minor task please let us know.

Club Reorganinzation

Hello Friends

In 2024 it was decided to formally close down SCDXC. Since then we have been having informal Zoom meetings. In September last year no one logged onto Zoom. The attendance had been diminishing. Furthermore, the Zoom subscription expired in January this year. We no longer have the venue. If someone has a Zoom account and is willing to host informal meetings let us know. Otherwise, our contact will be only by email. The remaining SCDXC funds were donated to the NCDXF per board instructions.

Club Reorganization

Objective Continuity of the SCDXC tradition in an informal manner.

3 Officers (All Informal)

No officer columns
Anyone may contribute / write a column (Of course, subject to editorial review)

What will be dropped?

Dissolution of SCDXC Nonprofit Corporation (IRS 501(c)7 & California 23701g)
Dues / Treasury
Regular Meetings and Events
Prizes and Raffles
Sponsorship / Donations
IDXC Hosting (Suggest that the IDXC be incorporated separate from either club)

In general, everything else, the social and competitive aspects of the club will continue in an informal manner.

Rumors on the Band

We have two rare entities that will be activated this month! Also many others that are semi-rare. Note the Most Wanted Lists below. They have been updated. It is odd the way the list moved. Possibly because ClubLog is still rebuilding its database.

Chart Legend	
White / Green	Entity Worked This Year by a Member
Black / White	Very Active Entity Not Yet Worked
Black / Blue	Entity with Announced DXpedition
Black / Yellow	Rarely Active Entity Not Yet Worked
Black / Red	Inactive Entity
	Deleted Entity

Here are the final results of the 2025 Get Schroeder Contest. As you can see this year was less bountiful than last. Furthermore, in area members worked 15 less entities than the ClubLog leaders, same as last year but both worked 3 less than last year. This year IT9FTP worked 274 entities for the top honors. N0FW worked 272 for club top honor and N6WT worked 263 for Southern California member top honor. Note that the out of area (member at large) members are now in green with an asterisk.

It appears that for many of the entities we missed it was a matter of timing. A few were not copied in Southern California but could have been. We have to improve our reporting network!

DXChat Discord Server (N6WS)

Hello SCDXC Member,

In the January Zoom meeting of the SCDXC, the topic of the Guys-Up-North (GUNs) Discord server was brought up as a common meeting place for daily DX activities. All SCDXC members are invited to join us on the GUNs Discord server. Please read this entire invitation email before initiating a connection to the GUNs Discord server.

The GUNs Discord server is a convenient meeting place for exchange of DX spots, DX information, tech support, and even some joking around. The server has voice channels and texting channels. The voice channels consist of:

- DX-Chat for general chats about DX
- Tech-Support for technical discussion to resolve problems
- EME-Sat for discussions and coordination of EME or Satellite QSOs
- The text channels for texting discussions and automated announcements:
- General DX is a general channel for text DX discussions and DX spotting
- Tech-Support is a general text channel for mutual tech support
- 6m-DX-Spots is a channel that has automated 6m DX spots originating from the western states
- DXpedition-Z345 is a channel that has automated DXpeditions spot originating in CQ Zones 3, 4, & 5
- Member-Spot is a channel that has automated spots of the GUNs Discord server
- Top-50-Needed is a channel that has automated spots of the top 50 needed entities
- DXpedition-Spots is a channel that has automated spots of DXpeditions originating from worldwide spots and the RBN
- Solar-Indices is a channel that has automated announcements from WWV and WCY
- Polls is a channel for originating polls
- GUNs-Rules is a channel that has the general rules of for operating on the GUNs Discord server (Read these rules)
- For-Sale-Swap is a channel you can list items you have for sale or list wanted items
- EME is a channel that has automated worldwide EME spots
- NCDXC-Chat is a channel that has automated NCDXC DX Spot emails (currently inoperative)
- Weather-Links is a channel that has the location information and links to some of the users' Weather system

The best way to initiate a connection to the GUNs Discord server is by downloading the Discord application, and install it on your PC, Mac, or phone. If for some reason, you don't like the application or connecting to the GUNs Discord server, you can easily uninstall the application at a later time. The Discord application is available at: <https://discord.com/> On this page you can select to download the application or open Discord on your browser. If you choose to open Discord in your browser you will go through a Captcha verification process, which never seems to work correctly. That is why I recommend using the application. After you install the application, you will be able to sign into the GUNs Discord server. When signing in use the convention of CALLSIGN-Name. My login is N6WS-Bill. Please use this convention so we know who you are, and your access will be approved as soon as we recognize you as a valid applicant.

When you first login, you will not be able to see most of the voice and text channels available. One of the system administrators will have to approve your access to the site. After initiating your first login, notify me at n6ws@n6ws.com, and I will approve your access. Once your membership is approved you can then access the full server, and configure your Discord application to use the mic and speakers to work on the voice channels. As a convention, we use PTT. Please do not configure you application to use VOX. This will avoid random noises from disturbing others on the channel. Most users use their Insert key on the keyboard as the PTT key.

You must use this invitation link within 24 hours. If you want an invitation link some time after 24 hours, just request it from me using my email address, wmsshell@gmail.com.

73, Bill

Propagation

It is now obvious that we are past the peak. There is a little rebound going on but the scientists (:-)) say the first peak was in front of the big peak. Notwithstanding we have been having really good propagation. The fall months of 2025 have been the best evidenced by the DX contest scores and 2026 is not doing so bad.
